## RESOLUTION

12 NO

To allowed the use of pistol calibers in a long gun in shotgun zones:

Pistols calibers in 357 mag , 41 mag , 44 mag ,and 45 colt to be used in a long gun shot from the shoulder. These pistol rounds do not have the range of the rife rounds that are allowed in handguns now. Like the Thompson contender and the Encore in (.30-06,.308 and 7mm) which are legal now. I would like to see them legalize in a long gun.

These pistol round are legal in handguns only at the present time. No more dangers then the shotguns in these area now. With a sabot slugs in a 12 ga. close to the rang of a .308 win.

Thank You For Time
